

**Cobble Hill Farm - CHfARM
Volunteer Application**

I am interested in volunteering at CHfARM because:

I understand the following:

1. At the farm kindness rules.
2. I need to come appropriately dressed to work on the farm every time I volunteer.
3. Doing the work asked of me benefits the animals and the land - they are counting on me.
4. Volunteers work with any team they are asked to, as that benefits the animals and the land, too.
5. Doing my very best is all I can ask of myself, and if I feel I can't do that on a day I am due to volunteer, I will let the people at the farm (insert email address) know I will not be there that day.

Children under 18 will be invited to volunteer one day a month (shall we say two if Doug and Renee want that). This will give us an opportunity to do some bigger with the needed adults guiding the projects all in service of the animals and the land.
